OBTAINING GCP CREDITS

Dear Students,

Here is the URL you will need to access in order to request a Google Cloud Platform coupon. You will be asked to provide your school email address and name. An email will be sent to you to confirm these details before a coupon is sent to you.

[Student Coupon Retrieval Link](#)

- You will be asked for a name and email address, which needs to match the domain. A confirmation email will be sent to you with a coupon code.
- You can request a coupon from the URL and redeem it until: 9/7/2019
- Coupon valid through: 5/7/2020
- You can only request ONE code per unique email address.

Please contact me if you have any questions or issues.

CREATING A COMPUTING CLUSTER

All steps below will be demonstrated in the lab sessions

1. Follow the GCP tutorial below to create a cluster with web interface for a Jupyter Notebook:
   https://cloud.google.com/dataproc/docs/tutorials/jupyter-notebook
   a. Note that, as showing in the tutorial, you will need to create a storage bucket as well.
2. Some useful links are:
   a. Cluster pricing: https://cloud.google.com/compute/pricing -predefined
